Fantasy Camp Description: Learn creative writing techniques while exploring amazing fantasy worlds through role-playing games, story writing, movie critique, and fantasy/anime/science fiction art! During this workshop, we will discover the secrets that professional writers use to make their novels so captivating. We'll work on fantasy world-building techniques as well as art design, and students will participate in the Druidawn publishing project as part of the writing curriculum. They'll also learn to solve problems and work together as a team as they quest in a thought-provoking imaginary fantasy setting with safety swords and play-acting.

Please see our website: [www.creative-writing-solutions.com](http://www.creative-writing-solutions.com) for a list of references and parent testimonials regarding our services.
